Fairhaven Post And Parcel

We are remaining open so our customers can continue to shop items to their friends and family. In order to increase social distancing and disrupt Covid we have implemented the following.

- Increased cleanings to a minimum of once ever hour.
- Removed some high touch items like pens and box cutters from shared use.

- Limited the number of customers in the store to 4 at a time.
- Implemented curbside pickup/dropoff for packages. Just call 360.647.8556 to be placed in the queue for any service we offer. We will be out as soon as possible.

As an important note the USPS is considered an essential service by FEMA and as such we will remain open as much as possible pending further guidance from local and federal authorities. Packages and letters have been determined to be extreme low risk of transmission by USPS, UPS, and FedEx however service disruptions due to quarantines are possible for some areas. With the exception of international shipments packages are still flowing.
